Family law proceedings are each distinct and require a tailored counsel that is sensitive to the client's needs and objectives.

Our Family Law Department provides experienced, efficient and supportive representation for those facing family related issues. No matter the complexity; or whether the client is a parent, a child, single, or married; our attorneys are ready to provide the guidance necessary to navigate these very personal matters.

As a full-service law firm, our Family Law Department is able to draw upon the various resources of the firm as issues in family law matters often relate to real estate, tax, estate, and corporate law.

Not all family matters require litigation. Rena M. O'Connor, Esq. is well-versed in mediation, having guided families towards fulfillment of mutual goals outside the courtroom.

Additionally, our Family Law Department's capabilities allow us to continue advising and representing clients well after a divorce is final. Our attorneys are expert in handling the division of pensions by domestic relations orders and any modifications that may be necessary as children grow older and/or circumstances change.
